- *Affiliated websites launch*

- *New offices established*

- *New shareholders welcomed*

- *Engineers scrutinise E4U website*

- *Code writers asked for a little extra*

- *E4U Agent recruitment launched*

Welcome to our first edition

The board is pleased to announce that the Managing Director (**MD**) will be publishing a Newsletter every 4 to 6 weeks bringing to the shareholders the latest updates with the E4U Project (**Project**).

The aim is to be brief but informative. The board welcomes any feedback to help improve the Newsletter.

Welcome to all of our shareholders

There are now a total of 14 shareholders in the Company with the two major shareholders being companies associated with the MD.

The board extends a welcome to all shareholders and welcomes any enquiries they may have from time to time.

Our major shareholder Waykar Pty Ltd has informed the board that it has a remaining 1% of the issued capital in the Company for sale, and welcomes any enquiries or referrals.

New offices established

The Company has entered into a short term lease for a small office in Maylands. The office is well located for members of the build team to meet and discuss the Project, as well as for the MD to operate in a more productive manner.

The Company was able to negotiate a low cost lease for premises which are already partitioned and networked.

Everyone is welcome to come by.

Affiliated websites launch

In addition to the E4U Website, there are 3 other websites affiliated and form a part of the Project. They are:

- www.nationaluglymugs.com.au
- www.punterbox.com.au
- www.agencymanagement.com.au

All of these websites are now live.

The NUM and Punterbox websites still have some minor work to be completed in the back end (the Member's Consoles). Once completed, these websites will be advertised / promoted through social media and competitor websites. The Agency Management website (**AM Website**) is complete.

Agent management outsourced

The board recently approved the appointment of Agency Management (Australia) Pty Ltd (**AMA**) to:

- Recruit Agents and appoint them to an E4U Territory
- Train Agents on how the E4U system works
- Manage Agents with respect to Agents completing their obligations under their Agent Agreement; and
- Provide support services to Agents

The legals to reflect the arrangements are presently being settled by the Company's lawyers.

The benefits to outsourcing this important function are:

- The cost to recruit, train and provide support services is borne by AMA
- All administrative costs are borne by AMA
- AMA will meet the costs associated with

developing an Agent interface for support services

E4U Agent recruitment to be launched

Apart from the AM Website, advertising material highlighting the AM Website is currently being finalised.

In addition to the publishing of social media profiles, the advertising material will be published across a number of competitor websites announcing the AM Website. The placement of the advertising is expected to be within the next few weeks.

AMA will be actively seeking out Agents across all States. Whilst there are some Agents already recruited, additional Agents will be recruited for those larger States where it is more appropriate to have more than one Agent, like New South wales.

Engineers scrutinising the website

The E4U Website has now reached a stage where the architecture can be audited for any security risk. The Company has engaged an engineer with extensive experience in this area and the audit has commenced.

As potential security risks are identified (within the code and / or the architectural design), changes are being made to the E4U Website. The audit is ongoing and is the last major aspect to the E4U Website build.

Code writers asked for a little extra

The Company has spoken with the Project website developer and asked that they apply more development time to the E4U Website. Our partner has agreed to use its best endeavours to improve on productivity as well as allocating additional time to the E4U Website in respect to code writing.

Whilst the objective is to improve productivity, the Company is mindful of its arrangements with the website developer in that the work has been undertaken on an equity for debt basis.

Annual report

The board has prepared an annual report for distribution to shareholders (**Report**). The Company's accountants are presently finalising the Company's tax matters including the Company's balance sheet. This is expected to be completed in the next several weeks, whereupon key data will be extracted from the balance sheet for inclusion in the Report.

The board was hopeful of the Report being completed some months back but has experienced delays due to the Company's, at the time, selected accounting software. That has now been overcome and the MD together with the Company's accountants are now moving this task forwards.

Upcoming milestones and events

Upcoming milestones include:

- The legals associated with the appointment of AMA to be completed within the next 2 weeks
- Agent recruitment to be formally commenced within the next 3 weeks

Upcoming events include:

- The formal launching of the NUM and Punterbox websites
- Social media profiles for the affiliated websites to be published within the next 4 weeks

PUNTERB⊠X

Australia's only independent online reporting service for Punters.

This exciting new website is scheduled to launch in 2024.

Statement

The primary purpose of this Website is to facilitate the exchange of information about Escorts and Masseurs in Australia. Punters can undertake a search of an Escort or Masseur where they feel they have the need to.

Although there is no pornography, or any content that may be considered to be of a pornographic nature, on this Website, there is material that is considered to be unsuitable for minors.

aim | Agency Management

Who we are   What we do   Becoming an Agent   For Escorts   Contact

Welcome to Agency Management (Australia) Pty Ltd

We are looking for Agents

Agency Management (Australia) Pty Ltd (**Agency Management** or **we**) is an Australian based company that provides exclusive management services to Blackbox Tech Pty Ltd (**Blackbox**), the owner of the Private Escort and Massage Centre advertising platform, Escorts4U (have a look at www.e4u.com.au) (**E4U**). Through proprietary developed world first innovative technology, Agency Management is committed to delivering the highest standard of service delivery to Blackbox through our Agent network. We are looking for people who possess a unique set of skills to join the team at E4U as an Agent.

If you have adult industry experience and knowledge, then you might be the right person we are looking for. Be your own boss and together with Agency Management's support and the backing of the E4U system you can:

- Earn up to $200,000 plus per annum
- Work your own hours
- Work from home or your own office

We are looking to appoint Agents in all States of Australia (**Territory**). The appointment is not exclusive but the maximum number of Agents is limited to each Territory. Agency Management, together with Blackbox, is dedicated to the success of its partner Agents, offering comprehensive support to its collaborators, including:

- Access to the E4U Agent Console so that you can manage your business
- A comprehensive list of Massage Centres in your Territory
- Templated marketing material
- E4U's content management system
- A comprehensive training program together with in person training with Massage Centres
- Comprehensive support from Agency Management

Who might apply?

Anyone can apply, but typically if you have any of the following experience or skills, we would like to hear from you:

- You are a Private Escort looking for a change or you are recently retired
- The manager or owner of a Massage Centre (or Massage Parlour as they are also known as)
- Currently operating an accounting practice (we will expand on how these skills fit)
- Escort personal assistant service

If you fit any of the above and you are interested in becoming an Agent please contact us and we can go from there (see Becoming an Agent for more information).

Agent Support

Training Support	Marketing Support	Customised Support
- Video conference training - In person training - Ongoing training	- Templated marketing materials - Events support - Digital marketing support	- Flexible management oversight - CMS support - Open Agent forum

Statement

The primary purpose of this Website is to facilitate the exchange of information about Agency Management (Australia) Pty Ltd Master Agreement and how it operates in Australia. Interested persons and entities should make contact with us if they are interested in finding out more about the opportunity.

Although there is no pornography on this Website, or any content that may be considered to be of a pornographic nature, there is material that is considered to be unsuitable for minors.
