Agent for Escorts4U

Dear Sir / Madam,

A New Website Designed for Massage Centres

Thank you for the opportunity to meet with you and to introduce the Escorts4U (**E4U**) website designed to assist Massage Parlours, or Centres as we refer to them (**Centre**), with advertising their services.

What can E4U do for you?

We set out to bring a convenient platform for a Centre to consolidate all of their advertising costs in the one place for all of their masseurs, as well as for multiple Centres should you have more than one Centre. We are well aware of the high cost to advertise, where you often have to post many advertisements for each of your masseurs, often across multiple platforms. An E4U Massage Profile (**Profile**) enables you to post up to eight masseurs all within the one Profile for the one daily fee, at a fraction of your current costs.

What are the advantages to using E4U?

Your advantages are not only financial, but strategic as well. Unlike other platforms, E4U offers you a purpose designed Profile (see sample screen shot), which caters for your business information and up to eight detailed Masseur profiles.

Here is a simple analysis with other platforms:

Description	E4U	Other Platforms
Purpose designed Profile	✓	X
Multiple Masseur listings	✓	X
Pay by the day	✓	X
Comprehensive summary	✓	X

What is in a Massage Profile?

The Profile is purpose designed enabling you to post a:

- summary of the key points about your Centre including your address
- description of your Centre setting out why clients should visit you
- list of the services on offer, such as nuru, nude and prostate massage
- summary of your rates in a structured manner according to the service type
- summary of the Centre's open times, parking availability and access
- personal profile for each of your masseurs, up to eight, which includes:
 - their name and age
 - up to four photos
 - their available days and times
 - the services they offer
 - mobile number (if applicable)
 - and much more

The Profile also displays a location map for the Centre, and when viewed through the mobile app, a simple click on the location map and Google maps will activate directions for the client to find your Centre.

What are the costs to advertise on E4U?

Unlike other platforms, E4U has a philosophy of keeping things simple. Irrespective of how many masseurs you list in your Profile, the cost is fixed at \$30.00 per day.

The Listing page rotates Profiles every 30 minutes ensuring your Profile will have time on the front page of the Listings. You can also Bump Up your listing as many times as you like. The website has a separate listing group just for Centres.

How easy is it to use E4U?

Very easy. You have a number of options available to manage your Profile. After you have registered, for free, you can:

- create and manage your Profile yourself; or
- have E4U create your Profile; or
- appoint an agent to create and manage your Profile, and your account (optional), for you.

You can manage all of your data and Profiles, together with access to many other services, through your *Dashboard*. If you engage E4U or an agent to create and manage your Profile there is a fee.

How do we get started?

Simply go to the E4U website at www.escorts4U.com.au and click the *Register* button. After a few simple questions your registration is complete. Once your registration is confirmed by E4U, you can then create your Profile. Profiles are retained in your *Profile Management*,

which you manage through your *Dashboard*, and where you will also find many other features to make your experience with us enjoyable.

Questions?

If you have any questions regarding our service please touch base with me. We look forward to helping you.

Yours faithfully
Escorts4U

About Me

Hi everyone, I am Melani and I am here in Perth for all those guys who enjoy the thrill of being with that quite little girl who secretly really is that office slut. I am tall, slim and naughty when it matters. With smooth skin and long hair to run your hands through, and of course something...
